

# Synthetic Brushes

Specifically made for long-lasting use! Made to keep their shape and allow for the smooth release of paint. Clean with mild soap and water before using and after every use.

Available in a variety of shapes & sizes

- Mini- laying on smooth, even coat on a flat surfaces, great for a staple brush.
- Round Large- small and full, specialty brush, great for faux finishes.
- Round Small- a smaller detail brush, great for stippling or rounded impressions.
- Flat Small- small precision flat, intricate areas, a great detail brush.
- Flat Large- longer handled flat, holds more paint for filling larger areas.
- Flat Medium- narrower version of the flat, holds more paint for filling in areas.
- Oval Medium- great for blending.
- Oval Small- smaller blending brush.
- Mini Angle- slanted for straight lines and cutting in and great for getting in corners.
- Scarlet Brush- great for smooth, even finish with minimal brush strokes.
